# COMMUNITY PROFILE

## GROWTH

Bryan County has experienced tremendous growth over the past few decades. The 2018 total population of Bryan County was 38,109 — which is an increase of nearly 1,000 people in one year. This is a 26% growth in population since 2010 and a 260% growth since 1980. This far exceeds the growth rate for the State of Georgia, which saw an overall average growth of 91% between 1980 and 2017 and just an 8% growth between 2010 and 2015.

Bryan County provides a wide array of water-based recreational activities – such as boating and fishing – this contributes to the county’s expanding population.

According to the Georgia Governor’s Office of Planning and Budget, the growth seen in Bryan County over the past few decades is expected to continue well into 2050. A large part of what draws people to the region is the agreeable climate and proximity to the coast, which presents many opportunities for economic growth and recreational enjoyment.

## THE COAST

The coastal way of life is ingrained in the current residents as well as those who move from other areas. Bryan County works hard to protect coastal resources by ensuring that new development patterns are consistent with the goal of preserving greenspace and open space. Furthermore, the county devotes time and energy to the enforcement of environmental codes and supports the existence of vegetative buffers along scenic routes to minimize the aesthetic effects of development.

Bryan County Emergency Services regularly hosts education and outreach events in local schools.

Each year, Bryan County hosts a memorial service on the anniversary of Sept. 11, 2001.

## FORT STEWART

The geographical division that is created by Bryan County being completely divided by Fort Stewart yields two completely different environments for growth. The southern portion consists of large master planned communities as well as marsh-front property. The northern portion consists of more rural growth and traditional single lot development.

Bryan County is proud that so many members of the military call our community home, and county leaders understand the importance of planning for increased infrastructure needs created by the proximity of Fort Stewart. To accommodate military growth, Bryan County works to ensure that families' educational needs are met, that housing is plentiful, and that development keeps up with demand.

In the Fort Stewart/Hunter Army Airfield area, about 4,200 people leave the military annually, through retirement or finishing their service commitment. In addition, Fort Stewart and Hunter Army Airfield have approximately 20,265 military members, 4,150 civilian employees and 37,000 family members. The installation is estimated to have an annual economic impact of \$4.9 billion, according to the most recent economic impact statement on mybaseguide.com. Bryan County is grateful to feel the economic benefit of those numbers.

County EMS workers regularly test equipment needed to keep residents safe.

Roundabouts are going in on Belfast River Road at Harris Trail and Belfast Keller Road. The improvements should help ease traffic congestion in the area and are designed with safety in mind.

## RECENTLY IMPLEMENTED PROJECTS

THANKS TO CAREFUL FISCAL PLANNING AND RESPONSIBLE SPENDING, BRYAN COUNTY WAS ABLE TO SUCCESSFULLY IMPLEMENT AND LAUNCH SEVERAL PROJECTS IN 2019, INCLUDING:

- Belfast River/Harris Trail Roundabout: The project will be paid for with impact fees, SPLOST and TSPLOST. It will be complete before the end of this calendar year.

- Mill Hill Road elevation project: This will raise the elevation of Mill Hill Road Causeway to avoid flooding during high tide and storms. It will be funded by TSPLOST.

**Bryan County is replacing Fire Station 1 with a new state-of-the-art structure that should be finished in the next few months.**

- Bryan County EMS Station 1: The new headquarters station for BCES will be located at the roundabout at Highway 144 and Capt. Matthew Freeman Drive. The project is being paid for with SPLOST funds and financing methods secured by the county. It will be complete before the end of this calendar year.
- Henderson Park Gym & Field: The new gym and field will be built in South Bryan County's Henderson Park. It will be paid for with SPLOST funds and financing methods secured by the county. Plan development is under way.
- Henderson Well/Warren Hill Well connection: This project will connect Henderson Well and Warren Hill Well with an appropriately sized water line to provide needed system redundancies and serve the new school on Warren Hill. It is currently in the concept phase.
- Bryan County Emergency Services added four new tanker trucks and two new pumper trucks.

# TYPES OF FUNDING

## UNINCORPORATED SERVICES

are services that are provided primarily for the benefit of residents and property owners in the unincorporated areas and tend to include municipal type services. These services are funded through revenue collected exclusively from the unincorporated areas of the County to ensure equity in taxation and service delivery.

## COUNTY-WIDE SERVICES

are categorized as services that are delivered to residents in the unincorporated areas and the Cities within Bryan County without distinction or disparity. These services are the core services that Counties must provide their citizens that are either mandated by the State of Georgia or by the necessity of the quality of life demanded by our citizens. Financing the delivery of these services is an assortment of revenues collected county-wide from the citizens of Bryan County in the form of property taxes, sales tax, fines, and more.

FUND NAME	REVENUES	COST OF SERVICES
General / County Wide Services	\$24,454,700	\$24,454,700
Unincorporated Services	\$6,221,900	\$6,221,900
Special Funds	18,092,350	17,869,900
Minor Funds	\$320,120	\$320,120

Bryan County voters passed a Special Purpose Local Option Sales Tax resolution (SPLOST) in 2017 and a Transportation Special Purpose Local Option Sales Tax (TSPLOST) in 2018. While it is in effect, SPLOST is estimated to generate approximately \$33,000,000. \$18,000,000 will go to Bryan County. TSPLOST will generate approximately \$20,000,000. The county's portion will be \$10,500,000.

SPLOST and TSPLOST funds must be used for very specific purposes, but all the money generated by these taxes will be invested back into Bryan County. SPLOST revenue will be spent on voter-approved capital projects. TSPLOST funds will be spent on intersection improvements, resurfacing and road improvements; pedestrian, bicycle and trail projects; and capital equipment.

TSPLOST will be a critical funding source for Bryan County's 30 year transportation plan

# 2020 BUDGET HIGHLIGHTS

# COMMISSION'S VISION & GUIDING PRINCIPLES

The Bryan County Board of Commissioners strives to continually improve – in the most cost-effective manner – the services provided to residents of Bryan County and protection of the overall public good. The commission understands that Bryan County must be a dynamic, vibrant community where residents and visitors alike can take advantage of economic opportunities, live in safe neighborhoods, and enjoy plentiful green space and recreational facilities. The commission is committed to partnering with others in our community who share a dedication to making life better for Bryan County citizens. The commission believes in responsible stewardship of public resources and works hard to cultivate a customer-focused government that is fiscally responsible and capable of delivering services that ensure a top-notch quality of life.

## THE BOARD OF COMMISSIONERS UPHOLDS THIS VISION BY ADHERING TO FOUR SIMPLE STANDARDS:

### **1. Being good financial stewards of public funds**

This means budgeting responsibly and carefully planning how and when funds are spent on projects, services and other needs. Financial and economic management is imperative to the continued well being of the county and those who reside and work in it. Our hired staffers and elected officials look closely at the procurement process and hold department heads accountable for the choices they make as well as choices made by employees they supervise.

### **2. Providing consistent delivery of services**

The provision of public services — such as road maintenance, education, sanitation and court systems — is a key task for government. Public services account for a large proportion of the county's budget, and residents care about public services and depend on them being delivered well. Bryan County understands that services need to be delivered with integrity, centered around citizens, and responsive to their needs – particularly the needs of the most vulnerable. The commission promotes great transparency in government and is committed to reliable and consistent delivery strategies.

### **3. Promoting a standard of excellence among local governments**

The Bryan County Commission is focused on the value of professional management and local government leadership. Maintaining public awareness has a big impact on the quality of life in our communities. It's a responsibility the county leaders do not take lightly, which is why they go to great lengths to demonstrate their commitment to honorable and ethical behavior, responsible actions, and holding those who report to them to the highest possible standards.

### **4. Acting transparently and responsively to the needs of our residents**

In Bryan County, leaders believe residents should be able to access information on how their tax dollars are spent, which is why all relevant and important documents are available for download on our website. From the annual budget documents to the county's Comprehensive Land Use Plan, governing documents are readily available. To create those documents, we listen to the needs of our residents and take into consideration input and insights we gather from them through public forums, online surveys, and comments made to local elected officials.
